

DAKOTA COUNTY TECHNICAL COLLEGE

Chapter 6 – Facilities Management

6.11.1 – Procedure: Parking and Traffic Regulations

Part 1. General Information

Parking and driving on campus are permitted in accordance with these regulations which are designed to control movement of vehicles. A map is published which indicates the areas of campus that are available for parking and the areas where general parking is prohibited. Anyone operating a vehicle on campus is responsible for being familiar and complying with all traffic and parking regulations. Responsibility for finding a legal parking space rests with the vehicle operator. Lack of space is not considered a valid excuse for violation of these regulations.

Dakota County Technical College (DCTC) assumes no responsibility for care of, damage to, and/or protection of any vehicle or its contents at any time while it is operated on or parked on campus. All vehicles should be locked when left unattended. It is the policy of DCTC that no children or pets may be left in a vehicle on campus unless they are supervised by an adult.

Drivers shall observe the college traffic and parking regulations and drive safely, giving pedestrians the right of way at all times.

Dakota County Technical College reserves the right to ticket, and/or tow any vehicle in violation of established parking regulations at the owner's risk and expense. In addition, persistent violators may have their parking privileges revoked.

The northwest parking lot in front of the building has been designated as the Visitor's parking lot and is reserved for visitors to the campus. No staff, faculty or students attending classes are permitted to park in this lot.

The Director of Operations is authorized to make all necessary operational decisions affecting parking regulations. The Security Department shall frequently consult with the Director to determine what, if any, enforcement problems occur.

Part 2. Registration and Fees

Subpart A. Types of Permits

1. College Parking Permits. College parking permits/stickers are no longer issued or required.

6.11.1 – Procedure: Parking and Traffic Regulations

Part 3. Regulations

- A. Stall Definition: A legal parking stall consists of painted lines on the curb, street, or lot, designated a single parking area.
- B. Displaying Hang Tag:
 - 1. The hang tag must be displayed from the inside rearview mirror so as to be visible from the rear of the vehicle. NOTE: By law, hanging tags must be removed from the rearview mirror when the vehicle is being driven or operated.
- C. Failure to properly display the hang tag or sticker (such as on the dash, front seat, visor, floor, or not properly hung, etc.) will result in the vehicle being ticketed and will not be considered a valid excuse for dismissal of the citation.
- D. Hang Tag/Resale/Prohibition of Transferring: Hang tags may only be sold by the college and not offered for resale or exchange between, among, or by individuals. Each vehicle using a hang tag must be registered with DCTC Security Office.
- E. Parking for the Handicapped: In compliance with M.S. 169.346, use of handicapped parking stalls is restricted only to those vehicles with state-issued handicapped license plates or displaying a state-issued certificate. Quick errands, deliveries, or drop-offs are not valid excuses for parking in or obstructing handicapped stalls. Minnesota State Law requires that handicapped parking be enforced on a 24-hour basis, seven days a week, including holiday periods. Violators will be ticketed and towed or immobilized. DCTC is committed to providing access to the campus parking areas in accordance with the spirit and intent of Minnesota Law.
- F. Repairs/Maintenance of Personal Vehicles: Repair/maintenance of personal vehicles is prohibited on DCTC grounds because of hazardous waste concerns and regulations. Repair and/or maintenance (e.g., changing oil, engine repairs, etc.) of personal vehicles on college property subjects any offender paying DCTC for cleanup costs and penalties.
- G. Bicycles: All bicycles brought on campus must be secured to designated bike racks only. Any bicycle found in any unauthorized location may be removed by DCTC security or maintenance. DCTC may cut locks if necessary to move bikes from unauthorized locations. DCTC is not responsible for replacement of any missing/damaged items.

Part 4. Enforcement and Penalty

Subpart A. Warning Ticket/Ticketing/Towing

The college reserves the right to ticket and/or tow vehicles at the owner's expense which are parked on campus in violation of any established parking and traffic regulation.

- A. Vehicles which have three (3) outstanding citations or have accumulated in excess of \$30.00 in fines which are not in appeal status and are not paid by the due date may be towed. Notice of the decision to tow a vehicle with outstanding parking citations will be sent to the violator through the U.S. Registered Mail and will include the following information:
 - a. The vehicle license number and amount due.
 - b. The date on which the sanctions become effective, provided the citation amount due has not been paid.

Vehicles on which three outstanding tickets have been issued or on which in excess of \$30.00 in fines is owed and whose owner is not identifiable through DCTC Security Department may be towed at the owner's risk and expense without notice.

Subpart E. Interim Periods

During interim periods when classes are not in session, overnight parking is not permitted between 10:00 p.m. and 6:00 a.m. in any lot, unless otherwise designated, without special permission from DCTC Security Office.
