Start: Fall, Spring or Summer Session, Full- or Part-Time

Outcome

Technical Management A.A.S. Degree60 cr.

Major Description

This program provides students with the knowledge, skills and abilities to succeed in leadership positions and enhances career mobility. The program is highly individualized based on a student's interests and previous experience by completing a credit for prior learning assessment process. Students can leverage their specific technical field with the required Business Management emphasis (BUSN), and they can further explore and incorporate more than one of DCTC's programs as part of this degree.

Work Environment

Working conditions in technical management positions are typically similar to office team settings. Technical professionals fill supervisory and middle management roles in companies and corporations.
