Each course will have the same navigation links to the D2L tools.

Not every course will utilize all the tools.
Course Home

This link returns users to the course homepage. The homepage is the first page you visit when you click on a course name in D2L. The homepage has a space for course announcements from your instructor.
Welcome to Class
Posted Jan 6, 2013 11:47 AM

Welcome to the Spring Semester course. Please visit the content link to view the course syllabus.
Also post an introduction on the discussion board, this is due by the end of this week.

This is an example of a course home page announcement
Content

This link is to the course materials that your instructor have provided for the course. The course content link is where you will find reading material, lectures, notes, the course syllabus, and links to resources to help you study and participate in the course.
This is an example of a course content page
Calendar

This link directs users to a calendar or schedule tool. Some instructors use this tool to indicated due dates and weekly course topics or content. You can add additional reminders to the calendar and view multiple courses calendars together.
This is an example of a course calendar page
Discussions

The discussion tool is used for communication between students enrolled in the course and the instructor. Messages posted on the discussion board are visible to all users in the course. The tool may be used for discussion related to course content and offer student opportunities to share thoughts or ask questions.
This is an example of a course discussion page
Email

The email link will allow you to send email to your instructor or other students in the course. Sending email from D2L is for outgoing mail only, replies will be sent to your own email address.
This is an example of the email tool
The dropbox tool is used to submit assignments in the course. Each assignment will have a folder to upload and submit electronic files such as documents to the instructor.
This is an example of a course dropbox page

<table>
<thead>
<tr>
<th>Folder</th>
<th>Score</th>
<th>Submissions</th>
<th>Feedback</th>
<th>End Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assignment 1</td>
<td>0</td>
<td>-</td>
<td>Jan 13, 2013 12:09 PM</td>
<td></td>
</tr>
</tbody>
</table>
Quizzes

The quiz tool is used for exams or quizzes in the course. Quizzes may have both a due date and be time limited. The most important thing to remember about taking quizzes on D2L is to save your answers as complete each question.
This is an example of a course quiz page
Grades

This link will provide students a list of grades for each item used for assessment in the course. When instructors grade assignments, the grade is added to the list. Students can view their progress within the course as each grade is posted.
This is an example of a course grades page

<table>
<thead>
<tr>
<th>Grade Item</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade 1</td>
<td>7 / 10</td>
</tr>
<tr>
<td>Quiz 1</td>
<td>9 / 10</td>
</tr>
</tbody>
</table>
