

International Baccalaureate (IB) credit

DCTC will not limit the total number of credits a student may earn through IB examination. However, credits earned through IB examinations are not resident credits and may not be used to satisfy resident credit requirements for graduation. Students must provide the college with an official report of IB examination scores in order to receive credit.

Students who complete an International Baccalaureate (IB) diploma with a score of 30 or higher and have no examination scores lower than 4 are awarded 8 credits for each of three higher level courses, plus 2 credits for each of three standard level courses, for a total of 30 credits.

Listed below are acceptable IB exam scores. Credit for IB exams not listed will be granted on the recommendations of the Faculty offering the course. IB exams cannot be used to repeat a class already completed. Please visit <http://www.ibo.org/> for more information.
