

## Course Overview

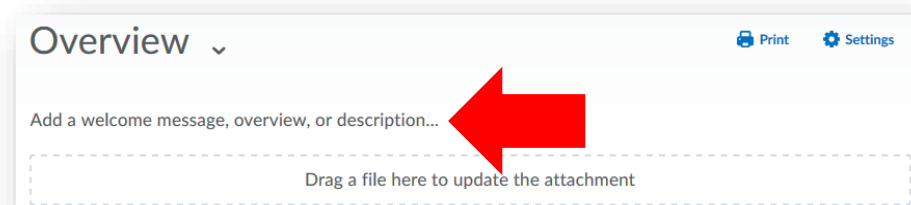

This document explains how to create a course overview within D2L Brightspace. **Overview** is a section within the **Content** tool.

- From within the **Content** tool, click **Overview** from the left-hand panel

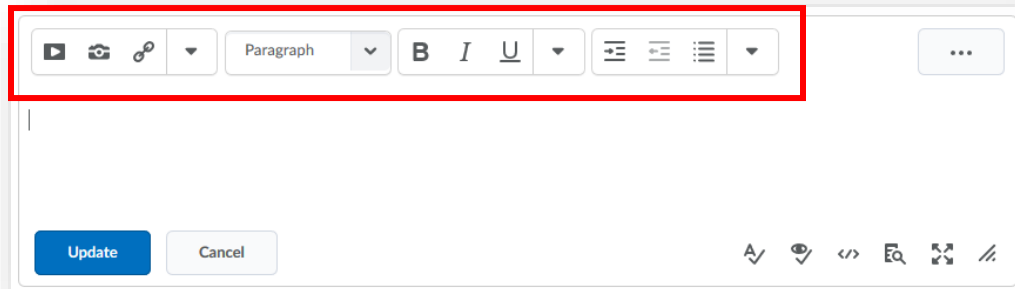

- Click the text “**Add a welcome message, overview, or description...**” to include a welcome message as part of your **Overview**.

# eLearning

- Enter your welcome message in the text box that appears. You can even format your message and add multimedia by using the items on the toolbar at the top of the box.

When you are finished, click the **Update** button.

- Besides the content within the welcome message, you can also add a file as an attachment to the **Overview**. This will display the file along with your welcome message. To do so, click on the [Add Attachment](#) link.

## ▶ [Add Attachment](#)

- Drag and drop a file onto the space noted with the text “**Drag a file here to add it to the overview**”
