**Definitions:**

Accessible Vehicle: An accessible vehicle is defined as a vehicle that has a lift or ramp and appropriate interior size to safely allow access for people who use motorized wheelchairs and scooters.

Deviated Route: Transit service that operates along a fixed route, but may deviate from the route to pick up or drop off passengers who have requested the deviation.

Ridematch/Vanpool: Metro Transit’s Regional Ridematching System matches commuters travelling similar routes and times to form carpools and vanpools. The commuters then share gas and other operating costs.

**Additional Notes:**

- There are additional transportation options within Dakota County available only for participants of their agencies that are not included on this list. Because these options are only provided to the specific clients of the agencies, they were not included.
- Dakota County offers a Travel Training program to assist individuals in learning about their transportation options and providing training to learn the options that will work for them. For more information or to sign up for Travel Training, please contact: [traveltraining@co.dakota.mn.us](mailto:traveltraining@co.dakota.mn.us) or 651-203-0183
