Major Description

There are a wide variety of career opportunities in the field of Early Childhood & Youth Development. These professions are projected to increase.

Early Childhood & Youth Development A.S./A.A.S. Degree: This program prepares students for employment in a variety of early childhood and youth settings. Courses meet Minnesota Department of Human Services educational requirements for assistant teachers and teachers in a child care setting. Students learn about child development, guidance, professional relationships, nutrition, health and safety, cultural sensitivity and techniques for promoting learning in young children. This program is available in the classroom and most courses are also available online.

Child Life Assistant A.A.S. Degree: This program delivers knowledge and skills necessary for working with children in hospital settings or with health care needs. Child life assistants are part of the team responsible for supporting children and families through health care experiences and helping them effectively cope by using developmental play and normalized activities in their environment. This program is available in the classroom and most courses are also available online.

Early Childhood & Youth Development Diploma: This program prepares individuals who would like to work in a child care center or preschool as a lead teacher or in a family child care program. This program is available in the classroom and many courses are also available online.

Early Childhood & Youth Development Certificate: This program prepares individuals for work in a child care center or preschool as an assistant teacher or in a family child care program. This program is available in the classroom and online.

Work Environment

Early Childhood & Youth Development professionals work with infants, toddlers, preschoolers, school-age children/youth, and children with differing abilities in homes, schools, and community centers/agencies. Other career options include child advocacy and social service. Child Life Assistants may work in clinical and non-clinical settings with young children or youth who have special health needs.

Potential Job Titles

- Preschool Teacher
- Child Care Teacher
- Family Child Care Provider
- Nanny
- School District Paraprofessional
- Child Life Assistant
