

HEALTH & EDUCATION

VETERINARY TECHNICIAN

Delivery: Daytime Classes

Start: Fall and Spring Semester, Full-Time

AWARDS

Veterinary Technician A.A.S Degree. 60 cr.

MAJOR DESCRIPTION

A veterinary technician is a key component of the animal healthcare team. Veterinary technicians perform medical tests under the supervision of a licensed veterinarian to assist in diagnosing injuries and illnesses of animals. Veterinary technicians are able to perform vital tasks from evaluating an animal's condition to collecting and evaluating biological samples, to educating clients on nutrition and behavior, to administering and monitoring anesthesia. The Veterinary Technician Program will prepare students for a career caring for animals in vet clinics, animal research, or wildlife rescue. The program will provide the opportunity for hands-on learning needed to do pharmacology, surgical preparation, and animal care which will prepare students with the skills needed to find a career in the veterinary technician field. A certified veterinary technician has passed the Veterinary Technician National Examination or VTNE given by the American Association of Veterinary State Boards.

Employment in this field typically requires successful completion of the VTNE (Veterinary Technician National Exam) licensing exam.

WORK ENVIRONMENT

Veterinary technicians perform medical tests in a laboratory environment under the supervision of a licensed veterinarian. These tests are used to diagnose and treat illnesses in animals. They prepare tissue samples and take blood. They also clean and sterilize instruments. Typical working conditions include frequent contact with others while working within a team.

POTENTIAL JOB TITLES

- Registered Veterinary Technician (RVT)
- Veterinary Assistant
- Veterinary Nurse

SALARY DATA

See latest data at careerwise.minnstate.edu.

- Average Wage: \$19.05/hour
