Welcome to Dakota County Technical College e-Services

Institutions of the Minnesota State Colleges and Universities system maintain their own information systems. To perform some functions, you must identify which college or university's data you want to view or modify. The following are the Minnesota State institutions that you have records with. Selecting from the list below will let you work with that institution's data. (Please note that you may not have attended a school to be on the following list. You might have a record with a school because of another event, such as applying for admission or financial aid).

I also authorize the college or university, and their respective agents and contractors to contact me regarding my debt request, including repayment of my debt, at the current or any future number that I provide for my cellular phone or other wireless device using automated telephone dialing equipment or artificial or pre-recorded voice or text messages.
