HENNEPIN COUNTY INITIAL CONTACT & ASSESSMENT

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0140

www.co.hennepin.mn.us

Phone: 612-348-4111

Fax: 612-317-3129

Hours: 8am - 4:30pm, Monday through Friday

*After hours messages will be returned on the next business day. E-mail responses will be sent within one working day.

The Initial Contact & Assessment (ICA) program consolidates intake for most programs and connects consumers to the level of service that best meets their needs. Front Door response ranges from connecting callers to community resources or other providers, providing education and consultation, or providing intake into county-operated programs.

Initial requests are answered by an ICA screener, who helps callers define their service needs and offers consultation about how those needs can be met. The screener is also available to assist callers in contacting an appropriate provider.

If a caller seems to require county intervention, the caller will be connected to an ICA service planner, who will do a more thorough evaluation of needs and provide short-term case management. The service planner will assess client eligibility for possible ongoing services from the county or a contracted provider.

ADULT PROTECTION SERVICES

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0140

www.co.hennepin.mn.us

Common Entry Point: 612-348-8526

Adult Protection Intake

Adult Protection Field Investigations

Hours: 8a.m. - 5:30p.m., Common Entry Point Line answered 24 hours/7 days/week

Services: The Hennepin County Common Entry Point of Adult Protective Services receives, assesses and refers all Vulnerable Adult maltreatment reports that occur in Hennepin County. Adult Protection social workers investigate reports of alleged abuse, neglect, and financial exploitation of Vulnerable Adults who are unable to protect themselves due to physical or mental impairments. Through the provision of protective social services, staff assists clients in establishing a network of support to help reduce their risk of further harm. When legal intervention is required to protect a Vulnerable Adult from harm, Adult Protection staff can assist with civil commitment, an order for protection, the removal of a perpetrator, and with the appointment of a guardian or conservator.

ADULT REHABILITATIVE MENTAL HEALTH SERVICES (ARMHS)

ARMHS are designed for persons age 18 or older with a diagnosed medical condition (such as mental illness or traumatic brain injury) who can benefit from rehabilitative mental health services. Services enhance psychiatric stability, social competencies, personal and emotional adjustment, and independent living skills, when these abilities are impaired by the symptoms of mental illness. ARMHS services instruct, assist, and support the recipient in developing skills in interpersonal communication, community resource utilization and integration, relapse prevention, mental illness symptom management, budgeting and shopping, healthy lifestyle, cooking and nutrition, and transportation. Other services include crisis assistance, medication education and monitoring, employment-related, and transition to community living services. Hennepin County does not contract for or purchase ARMHS services. The State of Minnesota Department of Human Services certifies ARMHS services providers. More information can be obtained from the DHS website: www.dhs.state.mn.us, in the Disabilities: ARMHS section.

ASSERTIVE COMMUNITY TREATMENT (ACT)

Population Served: ACT clients typically have been unable to live successfully in the community because of serious and persistent mental illness, and may have co-occurring disorders (e.g., SPMI and substance abuse). Histories often include multiple or extended hospitalizations, court-ordered treatment at a Regional Treatment Center, and placements in other restrictive settings. Clients may also have a significant history of homelessness or contact with the criminal justice system as a direct result of their mental illness. Without intensive services they may be considered at imminent risk of civil commitment or nursing home placement and may be unable to secure or maintain more independent living situations. Clients are approved for admission by **Initial Contact and Assessment**.

Services: Services are provided by an interdisciplinary team that includes psychiatry. Caseloads are 1:10. Services include case management, and services that instruct, assist and support the recipient in skills such as interpersonal communication, community resource utilization and integration, relapse prevention, budgeting and shopping, healthy lifestyle, cooking and nutrition, and transportation. Other services include medication education and monitoring, mental illness symptom management, crisis assistance, health care directives, and transition to community living services.

CASE MANAGEMENT SERVICES

Hennepin County Behavioral Health Case Management

Phone: Call Hennepin County Front Door Access @ 612-348-4111

Services: Direct, community-based services through interdisciplinary teams. These teams assist clients to achieve and maintain safety and stability in the least restrictive community setting possible. Services include case management, basic living and social skills, community intervention, and medication education.

Hennepin County Forensic Case Management

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0140

Phone: 612-348-6978

Services: Social workers provide specialized case management services to clients who are indeterminately committed as Mentally Ill and Dangerous, Sexual Psychopathic Personality, or Sexually Dangerous Person. Supervision and support of participation in treatment and rehabilitation programs is tightly structured. When forensic clients leave inpatient treatment to re-enter the community, case managers monitor compliance with the conditions of release.

Touchstone ICRS is most often accessed and provided in conjunction with Touchstone Case Management Services.

COMMITMENT & COMMITMENT ALTERNATIVES

CART (Commitment Alternative Response Team)

Short-term (under 90 days) intensive services aim to reduce commitments to Anoka-Metro Regional Treatment Center and other RTCs. The team focuses on early intervention services for people referred by Hennepin County Prepetition Screening or the adult crisis team (COPE).

Clients must be a Hennepin County resident. Services include crisis management, case management, medication management, housing assistance, supportive services, and eligibility determination. Services are provided directly and through contracted agencies.

CART consults with medical providers and collaborates with Community Support Programs. When appropriate, CART refers consumers to an ACT (Assertive Community Treatment) team specifically designed to serve homeless people who are diverted from Anoka Regional Treatment Center, and facilitates access to chemical dependency treatment services.

Prepetition Screening Program (PSP)

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0160

Intake Line: 612-348-2787

Intake Line Hours: 7 a.m. - 3:30 p.m., Monday - Friday

Services: Psychiatric social workers, psychologists, nurses, and chemical health counselors screen individuals who are being considered for commitment because of problems related to mental illness, chemical dependency, or developmental disabilities. The program attempts to prevent unnecessary petitions and commitments by diverting individuals to voluntary alternatives whenever possible. In cases where no alternative exists, the program facilitates the commitment process by working with the treatment community, the county attorney's office, and the family. The PSP process typically takes place in a hospital setting while the patient is on a 72-hour hold, but clients may also be in a community setting. In order to obtain a screening, there must be a "Petitioner" (someone interested in committing a person) and an "Examiner's Statement" (an official statement signed by a Medical Doctor, Ph.D. Psychologist, or advanced practice nurse).

COMMUNITY SUPPORT PROGRAMS (CSPs)

These programs provide easy access to services for people with serious and persistent mental illness who have a history of crisis and destabilization and need ongoing assistance to maintain community stability. Services address both mental health and chemical health issues.

Mental Health Initiative Teams, also located at CSPs, provide team-based intensive case management services. CSPs also provide Rule 79 step-down case management for persons ready to leave intensive case management services.

CSPs can make referrals to other mental health resources such as outpatient treatment, crisis intervention, case management, and employability services. Program hours are flexible and include evenings and weekends.

A referral to CSP services can be made by contacting the **Front Door Screeners** at (612)348-4111 or e-mail: HSPH.Frontdoor.Screener@co.hennepin.mn.us.

CRISIS RESPONSE & INTERVENTION

Community Outreach for Psychiatric Emergencies (COPE)

Mobile Crisis Team Phone: 612-596-1223

Hours: 24 hours per day, 7 days per week

Services: COPE is a multi-disciplinary, mobile crisis response team serving adults 18+ in Hennepin County. Team members are available 24/7 to provide outreach to individuals experiencing a mental health crisis. Mobile crisis services include the following: onsite crisis assessments; risk assessments; help with de-escalating the crisis situation; helping with safety planning; referrals to a hospital for further evaluation or placement at a crisis residence; and referrals for COPE stabilization services as appropriate. COPE responds to situations that occur within the geographic boundaries of Hennepin County though residency is not necessary for initial services. Calls are accepted from persons referring themselves, treatment professionals, residential facilities, family members, or any concerned individual. The primary goal of COPE mobile crisis services is to help people to manage their mental health crises in their current setting.

› *Housing Subsidies*

- **Bridges** is a temporary state rental subsidy program similar to Section 8, for low-income adults with SPMI who are on a Section 8 waiting list. Program applications and guidelines are available through a Hennepin County Behavioral Health Case Manager or Housing Support Specialist at a Community Support Service Program.
- **Transitional Subsidy (TS)** provides a temporary rental subsidy for low income adults with a SPMI who meet income and benefit eligibility criteria, and are receiving mental health support services while on a Section 8 waiting list. The program provides access to housing with supportive services for eligible households. Eligibility is determined by a Hennepin County Behavioral Health Case Manager or contracted case management provider.
- **Shelter Plus Care (S+C)** is a permanent federal subsidy that is not “portable” or transferable to other counties or states. Long-term housing and supportive services are targeted to homeless (must meet federal definition of homeless) low income households with an adult member who has a SPMI. Program applications and guidelines are available through a Hennepin County Behavioral Health Case Manager or a Housing Support Specialist at a Community Support Services Program (CSP).
- **Group Residential Housing (GRH) Demonstration Project** is a state-funded program for adults with a SPMI, chemical dependency, or HIV/AIDS who are living in a non-licensed community setting and who cannot function in an independent living setting without support services. Eligibility criteria include individuals that are not able to secure housing due to significant criminal, rental or credit problems.
