“What if” audits in Degree Audit Self-Service within eServices

Have you ever wondered...

- What if I wanted to get a degree instead of the diploma?
- What if I wanted to add a certificate program?

Now you can see how your courses apply to a new major in a quick and easy way.

Run Declared Programs Cancel

From the drop-down menus, select program and catalog year. Please note you can only declare new majors for future semesters.
It may take a few moments but will then automatically display your “What if” audit with all the details.

At this point, under the Audits tab, you can click on “Request New” to run a new “What-if” audit or “Manage” to view any audits that you have recently ran.
